

SAIDUZZAMAN MD.

Cyber Security Engineer | Security Analyst | Digital Forensic Investigator

• 23 Tanaka Nishitakaharachō, Sakyo Ward, Kyoto, 606-8241, Japan • 080 6970 7458 •
saiduzzaman.md1999@gmail.com

Enthusiastic cybersecurity engineer with almost 4 years of experience in the IT sector. Proven ability to identify and mitigate threats, assess risks, and implement effective security measures. Skilled in incident response, Linux and Windows server, SQL, SIEM, and Python. Committed to delivering exceptional results and using technology for positive impact.

EXPERIENCE

TECHFORING LTD.

Jr. Cyber Security Engineer

Dhaka, Bangladesh

April, 2024 – September 2025

- Conducted comprehensive vulnerability assessments using tools like Nessus, and OpenVAS
- Employed digital forensics tools like Autopsy, Cellebrite, and FTK to investigate evidence from various sources.
- Conducted in-depth analysis of system logs, network traffic, and application logs to identify security incidents.
- Developed and implemented remediation plans to address critical security vulnerabilities
- Provided technical support and guidance to users on security best practices
- Conducted thorough investigations of fraud incidents, financial fraud, identity theft, and data breaches
- Prepared and maintained detailed incident, vulnerability assessments, and penetration testing reports

GRAMEEN BANGLA HOLDINGS LIMITED

IT executive, Security

Dhaka, Bangladesh

November, 2021 – March, 2024

- Manage and review access control policies, VPNs, and user privileges.
 - Ensure device hardening, patching, and regular updates.
 - Conduct vulnerability assessments.
 - Conduct employee security awareness sessions.
 - Provide technical support on the secure usage of IT resources.
 - Monitor systems for security breaches or unusual activity (Wazuh SIEM).
-

EDUCATIONAL BACKGROUND

The Kyoto College of Graduate Studies for Informatics (KCGI)

M.Sc. in Information Technology (Major in Artificial Intelligence)

Kyoto, Japan

2025-Present

Bangladesh University of Professionals <i>M.Sc. in Information Systems Security</i>	<i>CGPA [3.40/4.00]</i>	<i>Dhaka, Bangladesh 2022-2023</i>
Primeasia University <i>B.Sc. in Computer Science and Engineering</i>	<i>CGPA [3.37/4.00]</i>	<i>Dhaka, Bangladesh 2018-2021</i>
Dhaka Imperial College <i>Department of Science, Higher Secondary Certificate</i>	<i>GPA [4.75/5.00]</i>	<i>Dhaka, Bangladesh 2014-2016</i>
Khilgaon Govt. High School <i>Department of Science, Secondary School Certificate</i>	<i>GPA [5.00/5.00]</i>	<i>Dhaka, Bangladesh 2012-2014</i>

TRAINING AND DEVELOPMENT

Certified Ethical Hacker (CEHv11) <i>Institute: Arena Web Security</i>	<i>Duration: 120 Days</i>
Linux Server Administration with Windows Server 2016 Management <i>Institute: BASIS SEIP</i>	<i>Duration: 90 Days</i>
Cisco Certified Network Associate (CCNAv1.0) <i>Institute: CSL Training Center</i>	<i>Duration: 72 Hours</i>
Red Hat Certified System Administrator (RHCSAv9) <i>Institute: CSL Training Center</i>	<i>Duration: 56 Hours</i>
Professional English Communication Skill <i>Institute: Workplace Skills Development Academy New Zealand (WSDA)</i>	<i>Grade: [A] Duration: 7 Days</i>

TECHNICAL SKILLS & PROFICIENCIES

Tools	: MS Office, Wazuh, Burpsuite, Nessus, Wireshark, Maltego, Nmap, SQLmap, Epios, Autopsy, Cellebrite, FTK, OWASP ZAP, DAST, etc.
Frameworks	: MITRE ATT&CK, Cyber Kill Chain, Pyramid of Pain, Diamond Model, NIST Cybersecurity Framework (CSF)
Languages	: Python & C
Databases	: MySQL
Version Control Systems	: Git & GitHub

LANGUAGE	: Native Bangla, Professional English
SOFT SKILLS	: Effective Time Management, Excellent Communication, Creative Problem-Solving, Strong Teamwork, Leadership Skills, Attention to Detail
INTERESTS	: Reading Novels, Emerging Technologies, Social Activity, Volunteering
